

Workshop Electrician

 Service  Full-time  Sheffield (UK)

WOLFFKRAN is an internationally active European manufacturer, lessor and service provider of tower cranes. As a technology and quality leader, we develop the optimum solution for every customer and every construction site. We achieve this with dedicated employees who work on continuous innovation and strategic expansion.

If you want to be part of this dynamic environment, act on your own responsibility and continuously develop yourself, then become a member of the WOLFFKRAN Family.

What tasks await you?

- To follow the PPM schedule for the electrical maintenance and servicing of our fleet of cranes.
- Referencing drawings and other manufacturer's information to rectify faults.
- Working at height when required to carry out duties.
- Testing of motors and associated wiring.
- Identifying unserviceable parts and replacing with new as and when required.
- Powering up the cranes for plc checks, rope changes and functional testing.
- Completing work reports in-line with company requirements.
- High standards of work throughout to ensure safe and reliable repairs are carried out.
- Liaise with other team members to ensure safe and reliable repairs are carried out.

What is your job profile?

Responsible for the proactive repair and maintenance of all cranes and equipment before going on hire in accordance with our PPM (Preventative Planned Maintenance) programme

Level 3 Electrical Installations Qualification
