

Junior Application Engineer (Tower Cranes) (m/f/d)

Research & Development Full-time Dubai (UAE)

Leader of the Pack!

WOLFFKRAN is an internationally active European manufacturer, lessor and service provider of tower cranes. As a technology and quality leader, we develop the optimum solution for every customer and every construction site. We achieve this with dedicated employees who work on continuous innovation and strategic expansion.

As a **Junior Application Engineer** (Tower Cranes), you support our technical and sales teams by analyzing crane configurations, preparing layout concepts, and developing tailored solutions for special projects – ensuring technical precision and customer satisfaction across the GCC and Asian markets.

If you want to be part of this dynamic environment, act on your own responsibility and continuously develop yourself, then become a member of the WOLFFKRAN Group.

What tasks await you?

- Provide technical support for sales by preparing tower crane layouts, configurations, and equipment selections
- Assist customers in evaluating crane setups, including load calculations, climbing sequences, and special applications
- Analyze non-standard crane installations and develop custom technical solutions, drawings, and method statements
- Support the service team with repair procedures, documentation, and legacy model evaluations
- Create and maintain technical documentation, such as assembly instructions, configuration sheets, and engineering reports
- Manage technical data and product records in PLM systems such as Teamcenter

What is your job profile?

- Bachelor's degree in mechanical, structural, or civil engineering
- At least 2 years of experience in the tower crane or construction industry
- Proficiency in 2D CAD and 3D modeling (AutoCAD; knowledge of Navisworks and Solid Edge is a plus)
- Structured and reliable way of working, strong communication skills, and a service-oriented mindset
- Fluent in English; Arabic and/or German is an advantage
- Willingness to travel within the UAE and KSA (up to 30%)

Does this sound interesting to you? Then please apply directly, stating your earliest possible starting date and your salary expectations. Please use the "Apply now" button or go to our careers page at www.wolffkran.com.

We look forward to receiving your application.
